---

## SUMMARY

Full-Stack Developer with hands-on experience in both front-end and back-end development using Python (Django) and PHP. Proficient in building dynamic websites, responsive user interfaces, and managing relational and NoSQL databases such as MySQL and MongoDB. Experienced in version control with Git, Agile methodologies, and delivering scalable, mobile-first web applications. Gained practical industry exposure through freelance projects for multiple clients, sharpening development, problem-solving, and deployment skills.

---

## FREELANCE WORK EXPERIENCE

**Hope and Heal – Disability Aid Company Website (Australia)** **Dec 2024 - Feb 2025**  
**Freelance Web Developer**

Designed and deployed a fully responsive WordPress website for Hope and Heal, a disability aid company, using Elementor and custom CSS to ensure accessibility and SEO compliance.

**HOC Art Cafe – Art Café Website(Bangalore)** **May 2025 - May 2025**  
**Freelance Front-End Developer**

Developed a fully custom, visually appealing café website for HOC Art Cafe using HTML, CSS, and JavaScript, reflecting the client's artistic identity through responsive design and a curated gallery section. Optimized site performance with smooth scrolling, intuitive navigation, and fast load time.

**Zinda Exteriors – Exterior Works & Landscaping Company(Kerala)** **Apr 2025 - May 2025**  
**Freelance WordPress Developer**

Built a visually engaging website for Zinda Exteriors using WordPress, Elementor, and Yoast SEO to showcase their exterior design services, stone work, and product catalog. Customized the layout for brand consistency and applied SEO best practices.

---
